PROFILE

Mechanical Engineering undergraduate at London South Bank University with a Diploma in Mechanical Technology and practical experience in automotive diagnostics, industrial maintenance and precision manufacturing. Proficient in Fusion 360, MATLAB, Python and C++, combining hands-on technical expertise with computational engineering skills. Seeking a 2027 industrial placement to contribute to mechanical design, manufacturing and engineering problem-solving.

KEY SKILLS

- **Computational & Digital Engineering:** Autodesk Fusion 360 (3D CAD, Parametric Modelling & 2D Drafting), MATLAB, Python, C++, Numerical Analysis.
- **Practical Mechanical Engineering:** Automotive Diagnostics, Mechanical Maintenance, Turning & Milling, Welding, Metal Fabrication, Precision Measurement & Metrology.
- **Engineering & Professional Skills:** Mechanical Troubleshooting, Technical Documentation, Engineering Problem-Solving, Team Collaboration & Communication.

EDUCATION

BEng (Hons) Mechanical Engineering
London South Bank University | Oct 2025 – Sep 2028 (Expected)

Presentation & Communication: Presented technical findings and 3D CAD models to a panel of **3** academic supervisors, translating complex mechanical concepts.

Key Project (Neighbourhood Solar Sharing System): Developed technical system diagrams and concept sketches to evaluate the feasibility of a community solar initiative designed to support **100+** local households, projecting a **15%** improvement in energy efficiency.

Technical Application: Applied complex mathematical concepts to solve physical engineering problems using MATLAB, alongside developing 3D modelling proficiency with industry-standard CAD tools.

Diploma in Mechanical Technology
Dhaka Polytechnic Institute | Aug 2018 – Dec 2022

Practical & Leadership Impact: Completed 500+ hours of hands-on workshop training across 5 core mechanical modules and represented 50+ peers as Class Representative, achieving a 100% student issue resolution rate.

CERTIFICATIONS & ADDITIONAL TRAINING

AI Integration: Google AI Professional Certificate (Coursera, May 2026) & GenAI Certification (LSBU) – Applied AI to data analysis and engineering workflows through 20+ artefacts.

Technical Software: Python Essential Training (March 2026) & Fusion 360 Essential Training (April 2026) via LinkedIn Learning.

WORK EXPERIENCE

Tesco Colleague
Tesco | Nov 2025 – Present

- Processed transactions for **200+** customers per shift, maintaining **100%** accuracy in financial reconciliation.
- Resolved **15+** customer enquiries daily, contributing to a **10%** reduction in waiting times.
- Delivered professional customer service to **100+** individuals daily, strengthening communication, teamwork and problem-solving skills.

Mechanical Technician
Multibrand Workshop Ltd. | Jan 2023 – Aug 2025

- Diagnosed and repaired **50+** multi-brand vehicle systems monthly, including engines, transmissions and suspension components.
- Improved workshop repair efficiency by **20%** through computerised diagnostic tools and accurate fault identification.
- Troubleshot mechanical issues across **10+** vehicle models weekly, reducing recurring faults by **15%**.
- Maintained a 100% safety record over 32 months by following workshop safety procedures and hazardous material handling protocols.

Mechanical Engineering Intern
Bangladesh Water Development Board | Oct 2022 – Dec 2022

- Collaborated with a five-person engineering team to support the operation and maintenance of three large-scale industrial pump systems.
- Performed hands-on technical tasks, including industrial welding and pipe fitting, to complete **10+** ongoing maintenance projects within strict timeline constraints.
- Prepared **5+** technical maintenance reports documenting pump performance, maintenance activities and compliance with industrial standards.

LEADERSHIP & AFFILIATIONS

- **Student Member**, Institution of Mechanical Engineers (IMechE).
- **Class Representative**, *Dhaka Polytechnic Institute (2018–2022)* – Represented 50+ students in departmental discussions and supported the resolution of student concerns.
