

BOKHTEAR UDDIN BADHON

bokhtearuddinbadhon@gmail.com | 07448522301 | linkedin.com/in/bokhtearuddinbadhon

PROFILE

Dedicated Mechanical Engineering undergraduate bridging a 4-year technical diploma with modern computational skills (MATLAB, Python, C++, Fusion 360). Leverages hands-on automotive diagnostic experience and Google-certified AI proficiency to solve complex technical challenges. Seeking a 2027 London industrial placement to contribute practical troubleshooting and precision design capabilities.

KEY SKILLS

- **Computational & Digital Engineering:** MATLAB, Python, C++, Autodesk Fusion 360 (3D CAD), Generative AI (Data Analysis & Prompt Engineering)
- **Practical Mechanical Engineering:** Automotive Diagnostics & Precision Repair, Metal Fabrication, Welding, Complex Mechanical Troubleshooting
- **Professional Core:** Technical Documentation, High-Volume Operational Efficiency, Cross-functional Team Collaboration

EDUCATION

BEng (Hons) Mechanical Engineering

London South Bank University | Oct 2025 – Sep 2028 |

Presentation & Communication: Presented technical findings and 3D CAD models to a panel of 3 academic supervisors, translating complex mechanical concepts.

Key Project (Neighborhood Solar Sharing System): Developed technical system diagrams and concept sketches to evaluate the feasibility of a community solar initiative designed to support 100+ local households, projecting a 15% improvement in energy efficiency.

Technical Application: Applied complex mathematical concepts to solve physical engineering problems using MATLAB, alongside developing 3D modeling proficiency with industry-standard CAD tools.

Diploma in Mechanical Technology

Dhaka Polytechnic Institute | Aug 2018 – Dec 2022 |

Practical & Leadership Impact: Executed 500+ hours of hands-on workshop training across 5 core mechanical modules and advocated for 50+ peers as Class Representative to achieve a 100% student issue resolution rate.

CERTIFICATIONS & ADDITIONAL TRAINING

AI Integration: Google AI Professional Certificate (*Coursera, May,2026*) & GenAI Certification (*LSBU*) – Applied AI to data analysis and engineering workflows via 20+ artifacts.

Technical Software: Python Essential Training (*March,2026*) & Fusion 360 Essential Training (*April,2026*) via LinkedIn Learning.

WORK EXPERIENCE

Nov 2025 - Current
Tesco Colleague
Tesco.

- Achieved high-volume operational targets, maintaining **100%** accuracy in financial reconciliation and daily transaction processing for over **200** customers per shift.
- Resolved **15+** complex customer inquiries daily, identifying practical solutions to maintain a positive shopping environment and reduce wait times by **10%**.
- Built long-term brand loyalty by delivering professional service to 100+ customers daily, earning the 'Gold Superstar' award (June 2026) for outstanding performance and dedication to team success.

Jan 2023 – Aug 2025
Mechanical Technician
Multibrand Workshop Ltd.

- Conducted advanced diagnostics and complex repairs on **50+** multi-brand vehicle systems per month, including engine, transmission, and suspension components.
- Improved workshop repair efficiency by **20%** by utilizing computerized diagnostic tools to identify mechanical faults with high precision.
- Troubleshoot and resolved intricate mechanical issues for **10+** diverse vehicle models weekly, applying technical diploma knowledge to reduce recurring faults by **15%**.

Oct 2022 – Dec 2022
Mechanical Engineering Intern
Bangladesh Water Development Board

- Collaborated with a **5-person** engineering team to execute the daily operation and maintenance of **3** large-scale industrial pump systems.
- Performed hands-on technical tasks, including industrial welding and pipe fitting, to complete **10+** ongoing maintenance projects within strict timeline constraints.
- Authored 5+ detailed technical maintenance reports, ensuring accurate documentation of pump performance and compliance with industrial standards.

LEADERSHIP & AFFILIATIONS

- **Student Member**, Institution of Mechanical Engineers (IMechE).
- **Class Representative**, *Dhaka Polytechnic Institute (2018 – 2022)* – Represented the student body in departmental negotiations.
